

Dear Enthusiast,

Throughout my career in motorsports I have been blessed with opportunities to compete against talented drivers, on the most spectacular circuits, behind the wheel of the most sophisticated racing cars.

Racing cars... exotic machines of engineering genius. Between you and I, it's all about the sound of the engine, breath taking corners, and keeping your foot firmly planted on the throttle when all your instincts say 'lift'. Precisely honing your natural instincts will make you a good driver, breaking through mental barriers will make you a great driver.

My father was a superb driver and I was blessed with his courage and determination. Growing up in the Formula 1 paddock taught me at an early age to live my life with passion and fire. By age five I had decided to become a racing driver, and I would never have done anything else, seriously... that was it, my mind was made up.

Area 27 is for the passionate motorsport enthusiast like yourself, a place where you can safely find your limits, experience the Grand Prix lifestyle, and live your dream. It is with great pleasure that I extend to you this invitation to join Area 27.

See you on the track,
